厦门大学机器人队

The background features technical blueprints of a mechanical system, likely a turbine or engine, rendered in white lines on a blue grid. The blueprints include various components such as a circular turbine section at the top, a rectangular housing in the middle, and a complex assembly at the bottom. A small text box in the middle of the blueprints reads: "The MTDI Accessories Kit includes several items and a terminal block, creating a complete production system driven by four independent motors."

螺丝刀

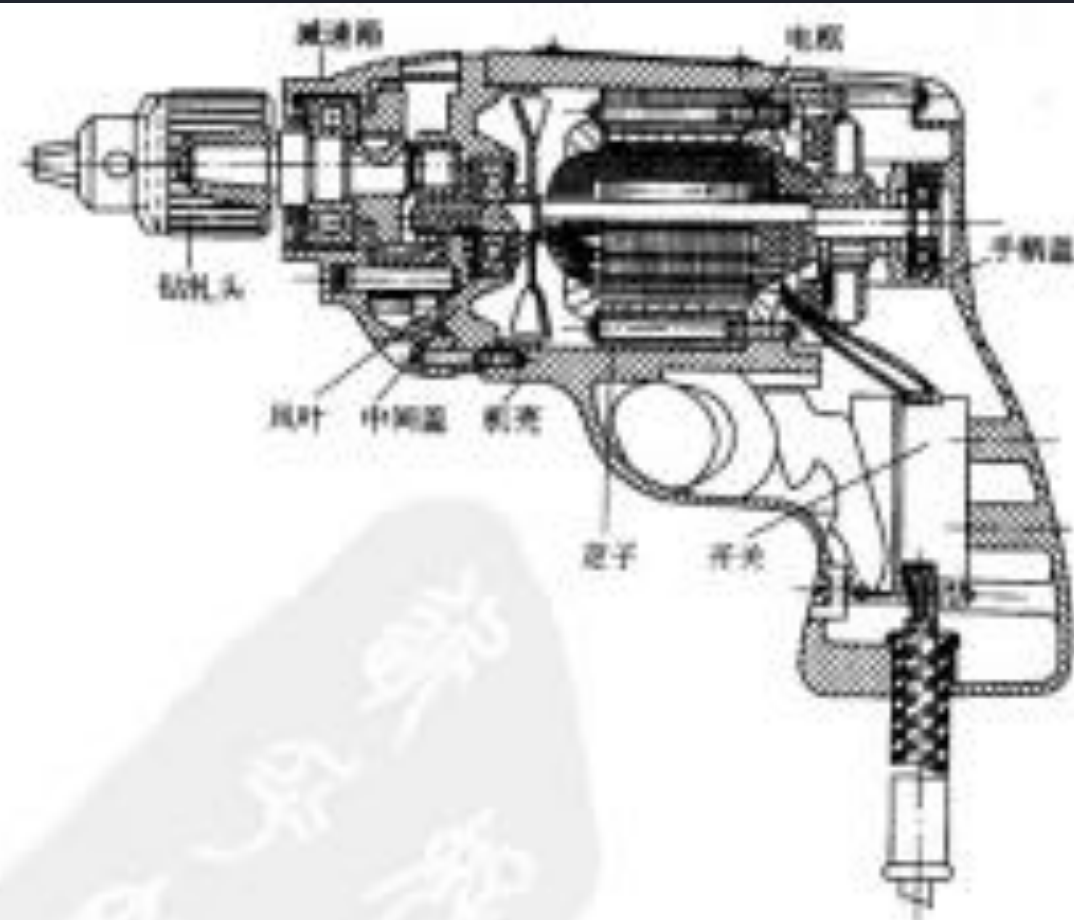

套筒扳手，多为内六角

扳手通常在柄部的一端或两端制有夹持螺栓或螺母的开口或套孔，使用时沿螺纹旋转方向在柄部施加外力，就能拧转螺栓或螺母。

镊子

手钻

电烙铁
